

Garshey's Team Beautiful

Job Safety Analysis (JSA Worksheet) Updated 23rd October 2021

WORK TASK: Canopy Management (October to February)

Analysis Done by: G. Stuart	Analysis Date: 05/07/2019	Approved: 07/07/2019	Next Review date: October 2021
-----------------------------	---------------------------	----------------------	--------------------------------

All employees MUST inform Gary IMMEDIATELY if spotting an unlisted potential hazard or breaching a known one.

Process Steps	Potential Hazards	Risk level	Hazard Control Measures
Driving to the Vineyard	<ul style="list-style-type: none">• Kangaroos• Other cars• Fallen trees/branches• Accident• Unfamiliar road• Unfamiliar road conditions• Unfamiliar weather conditions	High (Especially in the morning)	<ul style="list-style-type: none">• Never exceed the speed limit• Drive speed to conditions• Alert and look ahead at road & sides• Have mechanically good car• Have good/excellent headlights• Never be concerned with cars tailgating behind you. Your safety is more important than speeding up to satisfy the driver behind you.

<p>Driving inside the Vineyard</p>	<ul style="list-style-type: none"> • Sliding on loose gravel • Get stuck in bog • Driving into dip or bump • Crash/accident 	<p>Low to medium</p>	<ul style="list-style-type: none"> • Use EXTREME caution when driving on unsealed roads. • Drive at Low speed (10-15 Km/Hr) within the confines of ALL vineyards • Be vigilant about working machinery and give way if machinery is approaching or crossing your path. • Be aware of VERY loose gravel - especially on inclines and declines.
<p>Parking in the vineyard</p>	<ul style="list-style-type: none"> • Slippery grass / slopes 	<p>Low</p>	<ul style="list-style-type: none"> • Always park on level ground • Never drive over grassy areas on a slope • Always use handbrake.
<p>Driving from one vineyard to another (especially right hand turns onto oncoming traffic)</p>	<ul style="list-style-type: none"> • Accident 	<p>Low to medium</p>	<ul style="list-style-type: none"> • NEVER drive out just to follow a car ahead of you. You MUST NOT drive out onto the road unless you are totally confident there is NO oncoming traffic hazards. • Under no circumstances is any driver permitted to drive from a vineyard unless they feel confident and safe with the traffic conditions that allow them to do so safely. • Be aware of the road traffic, some drivers exceed the speed limit and therefore approach rapidly.

Ugo's not wanted!

	<p>Sunburn</p>	<p>Medium at beginning (October); High in December and January</p>	<ul style="list-style-type: none"> • Wear a broad brimmed hat • Wear long/full length clothing • Wear sunglasses • Use appropriate sunblock (+50 SPF) and re-apply every 3 hours minimum
<p>Working in exposed environment</p>	<p>Heat Exhaustion/Dehydration</p>	<p>Medium at beginning (October); High in December and January</p>	<ul style="list-style-type: none"> • Bring and drink plenty of water throughout the day • Apply same measures as sunburn control measures recorded above
	<p>Spiders, Snakes, Bees, Wasps and other potentially poisonous creatures</p>	<p>High to very high</p>	<ul style="list-style-type: none"> • BE vigilant as these creatures hide! • Wear long clothing and GLOVES • Do not actively look for in holes • NEVER go near any of these • Inform Supervisor immediately if spotted

Working in exposed environment (continued)	Rain & getting wet	Low to medium	<ul style="list-style-type: none"> • Bring rainwear to work just in case • Have a change of clothes on hand • Don't get wet clothes - always prepare ahead of time to have a change of clothes available.
	Thunder and lightning	High when weather conditions are unstable	<ul style="list-style-type: none"> • At the first sign of thunder and or lightning, ALL staff must IMMEDIATELY cease work and move quickly to the cars. • If weather conditions are deteriorating, then the supervisor will move the team to a safe area to wait out the weather event
	Moving Machinery	Medium	<ul style="list-style-type: none"> • Any moving tractors etc - move to different block/vineyard • Wear safety vests etc • Inform supervisor so contact can be made with machinery operator to acknowledge where on ground workers will be
	Sprays used in vineyard for disease	Low to medium	<ul style="list-style-type: none"> • The main spray used is a mixture of Sulphur and Copper for the control of mildews. These can stink a bit but are not generally dangerous. If any skin rash develops, stop working in vineyard.

Working in exposed environment (continued)	Sprays used in vineyard for disease (continued)	Low to medium	<ul style="list-style-type: none"> Supervisor liaises with tractor sprayers to ensure team not working in freshly sprayed blocks. If anyone feels that their health is suffering from exposure, they are to inform Supervisor and cease working in the vineyards immediately.
	Sun damage to eyes	Medium	<ul style="list-style-type: none"> Wear sunglasses and a hat that shades the eyes.
Dangerous areas in vineyard	<ul style="list-style-type: none"> Holes in the ground (made by animals digging etc) Wires on the ground Trip hazards Sharp wire ends Hidden obstacles maybe unable to be seen The bushland - heavily forested areas surrounding the vineyards 	medium	<ul style="list-style-type: none"> NEVER run in the vineyard Keep your eyes on the ground ahead of where you're walking Be aware that not all wires and trellising (posts and wires in the rows) are in good shape. Wear protective eyewear and gloves Never assume anywhere is safe - always treat the vineyard like a habitat for danger.
Smoking	Can cause fire	High in summer	<ul style="list-style-type: none"> Under no circumstances is anyone allowed or permitted to smoke cigarettes or tobacco etc UNLESS authorised by the Supervisor and you are in a safe area that won't catch fire from ash.

Ugo's not wanted!

Working alone in a block/vineyard	Emergency	Medium	<ul style="list-style-type: none"> • NO ONE is permitted to work alone • Always have one person with a car • Keep mobile phone handy
Driving home after work	Accident	Low to medium	<ul style="list-style-type: none"> • Drive at or under the speed limit as per conditions dictate (rain etc) • Be aware of all other traffic • Drive in mechanically good car.
After work	Fatigue / feeling tired	Medium	<ul style="list-style-type: none"> • Get a good night's sleep • Eat and Drink Healthily.
